Foreword

DDTC is a privately held company based in Jakarta, Indonesia and specializing in the field of taxation, both domestic and international.

Tax is an inseparable part of business transaction. As these transactions are increasingly becoming more complex due globalization and cross-border businesses, the clarification of tax implications cannot merely be considered based on general or superficial knowledge at the level of informal courses as offered by many institutions in Indonesia nowadays. We offering a vision which makes us leading firm and excellency in the field of international and domestic taxation in order to contribute better ideas for Indonesian taxation.

We have three things that differ us with other institutions in Indonesia. First, our synergy of multitalented professionals. We understand that the best way to provide our clients with responsive quality services is to assign the most qualified multitalented professionals.

Secondly, as a research, technology and knowledge-based institutions. We have been successfully applying knowledge management in the firm. We invest in our human capital, assuring they have access to worldwide knowledge and comparative level of expertise. Because we believe, our worldwide tax knowledge is our clients' advantages. We also believe applying smarter technologies will help our clients create such high levels of experience that together we set new standards in the realm of taxation.

Last, our methodology. We always innovate our methodology based on the outcome of the cases around the world. We trust that we are equipped with the latest methodology to prepare arguments to support your position in front of the tax authority and even in tax court. We do not only deliver the timely accurate advice, but also symmetric information on global and domestic taxation.

We believe our commitment to quality and timely services, our locally available range of services, and our depth of taxation experience will serve you well. We do whatever is required to get the job done, on time, without compromising quality.

Our clients deserve only the best, and we deliver nothing less. We place a premium on client relationship, building a high level of trust and commitment to your success. Our clients look on us as a valued resource for advice, ideas, and solutions. If we are chosen to partner with you, we will use all of our resources to help you succeed.

Darussalam, S.E. Ak., CA., M.Si., LL.M Int. Tax
Founder DDTC

Our Vision

“**Research, Technology, and Knowledge-Based Tax Institution that Sets the Standards and Beyond.**”

Our Missions

- To **provide high quality** and **comprehensive tax services** that exceeds our clients' expectation
- To **commit on constant innovation** and achieve competitive advantage
- To **influence** and **contribute** in tax policy making process in order to **ensure a balanced tax system transformation** that serves the interest of all stakeholders
- To **eliminate asymmetric information** in the Indonesian tax society
- To **invest in our human capital** by providing continuous education, creating conducive learning environment and providing a works-life balance

Sets the Standards and Beyond

DDTC is a research, technology and knowledge based taxation institution and a centre of a number of taxation business activities units with high standards, consultation services (DDTC Consulting), a center for review and research (DDTC Fiscal Research & Advisory), a training centre (DDTC Academy), a provider of tax law documents (Perpajakan.id), a library (DDTC Library) and taxation news portal (DDTC News).

Those various activities are in essence the realization of our commitment to provide high quality and comprehensive services, to reduce asymmetric information, to be consistent in innovating and to contribute positively in the improvement of Indonesia's tax system.

We were given an award by International Tax Review's World Transfer Pricing and World Tax 2024

“We provide high quality and comprehensive tax services that exceed our clients expectation.”

Transfer Pricing

Law enforcement on transfer pricing has been set up by numerous countries, including the establishment of more detailed documentation requirement, stricter penalties for non-compliant parties, the increase of information exchange among countries and transfer pricing audit.

Tax Operations-Risks Assessment & Management

Tax risks management is an essential matter for a company. Consequently, tax risks management is required to determine tax risks management policy, a tool for risks assessment, and the latest mitigation. We will assist you to create, manage, and evaluate tax risks management better.

Tax Dispute Support

DDTC has proven its expertise in dispute support services by being trusted by significant, large multinational companies which resulted in settling significant dispute profile. Our approach is a combination of experience, theoretical concepts, legal interpretation, and business transactions comprehension, and high credentials to provide trust for both taxpayer & tax authority.

HNWI and Expatriate Taxes

We specialize in services to High-Net Worth Individuals (HNWI) and expatriates in a variety of industries, such taxpayer ID registration & de-registration, individual & expatriate tax return preparation services, individual & expatriate tax dispute & litigation support, and residency, ownership & business structuring tax advisory

Tax Advisory, Structuring & Facility Support

We will assist you in comprehending tax regulations which apply to your business, and provide strategies which will support the innovation and growth of your business. The services we are able to provide comprise independent tax opinion, tax structuring & planning, tax facility support, and private ruling application support.

General Tax Services

Tax has become a significant business issue and there is a global tax reset underway. We'll help you navigate the global tax landscape. We provide both national and international tax services whether you are a local business or an established multinational company. Eventually, all will be faced with cross-border transactions with its tax implications involving international tax.

Tax Compliance Assurance

We provide comprehensive tax compliance research service which is designed to give additional value, which may increase the assurance of your degree of tax compliance. We apply several methods to review tax compliance, as diagnostic tax review and tax due diligence.

Tax Litigation Services

Our experience in tax litigation is our strength and competitive advantage to present you when facing a dispute at tax court. The litigation services we provide comprise tax lawsuit, appeal & cases civil review litigation and expert testimonies

Customs Dispute and Litigation

We will support you throughout customs audit, and evaluate audit techniques conducted and adjustments made by customs authority. In the case appeal, we will assist you in preparing appeal letter and defence argumentation, and represent your company in tax court trials.

Employment Taxation Services

We are experienced in providing service in the form of tax treatment analysis on remuneration received by employees. Moreover, we also provide tax compliance service for employees, and drafting of tax opinion on issues arising from employment redundancies, re-negotiation of contracts between companies and employees, employment termination and settlements.

We are a dedicated unit whose objective is to conduct research and provides review in aim to balance the Indonesia' tax system for its stakeholders. In delivering the mission, we provide all-inclusive tax services aimed to help you reach your business objectives. Our services range encompasses the entirety of your business cycle, from initial investment, expansion, transactions, until business evaluation. In addition, we can provide you academic research and comprehensive policy review, specifically designed for your concern.

Our proven track-record legitimates our impactful work in designing well designed solution to our clients. This reputation is supported with the acknowledgment from our networks (business associations, academic and research institutions, NGOs and CSOs, and media institutions). Notably, our quality of works are supported with the multidisciplinary approach from the team, consisting of tax experts, financial and business analyst, economists, statistician, legal and policy researcher

Tax diagnostic review

Planning your business and transaction require identification of all-related tax aspects that may arise. However, this can be confusing and exhausting. We offer you a thorough analysis, including possible costs incurred and the strategy to prepare the administrative matter.

Tax risks monitoring

The changing of our tax regulations may contain risk to your business, resulting in controversy in the future. Hence, our complete resource can provide you the complete track record of tax disputes that may coincide to your area. For sure, that includes our strategy recommendation to optimize your business efficiency.

Tax scheme and business plan

We acknowledge that different decision making may generate different tax consequence. We can provide you comprehensive analysis to help you make the best decision that also has zero risk of dispute.

Tax regulation and monitoring and analysis

Keeping aligned to new regulations can be very difficult. But the risk can be high if your business and transaction are not aligned. Our non-stop tax monitoring can save your time and energy, and we can provide their relevance to your business as well.

Fiscal incentive and facility support

We notice that many businesses do not know what tax incentives are provided and how to utilize them. We are here for you to ensure the facilitation can be most beneficial for your business.

Tax policy research and advocacy

When the solution does not lie within the business, it may need the betterment from current tax system. Specifically designed to your needs, we can offer depth review and analysis on existing or potential upcoming policy issues and the relevance to their concerns.

We also offer you tax advocacy, which is dedicated to evaluate tax policy issues based on the principles of legality, equity, efficiency, and adequacy.

Fiscal Survey

We use custom-designed methodology on a specific fiscal survey program. The Program helps public sector and business leaders to make economically sound strategy and policy decisions. Through fiscal survey, we provide analysis of specific facts and circumstances to be considered by any stakeholders in taxation arena.

Your every other need

Your need has not been mentioned? Or it needs adjustment and/or combination from what have offered? We are fully aware of that!

Enjoy more than 4000 collections related to transfer pricing, VAT, customs and excise, tax policy, tax law, domestic & international taxation, and other aspects of taxes from reputable publishers and authors. knowledge.”**

Our Programs

We have a number of experienced professional lecturers who hold prestigious international licenses and certifications. They are ready to share and deliver their expertise, knowledge and practical advice by following programs:

ADIT Exam Preparation Course

DDTC Academy is proud to announce that the Chartered Institute of Taxation (CIOT), UK has conferred recommendations to DDTC Academy as a trusted international course provider to hold the preparation course for Advanced Diploma in International Taxation (ADIT) certification. DDTC Academy is honored to be the only course provider in Indonesia recommended by CIOT.

ADIT is a professional certification offered globally to international tax professionals by CIOT. ADIT Exam Preparation Course is aimed to complement tax professionals who are about to take the ADIT exam or who wish to improve their understanding of international tax topics.

Intensive Course

Our Intensive Course is the first excellence course program in Indonesia on Transfer Pricing and International Taxation. The learning curriculum is based on international courses attended by DDTC Academy lecturers.

This course offers general topics for anyone who are interested in expanding their knowledge of theory and practice in Transfer Pricing and International Taxation as well as who wish to obtain international certification on taxation or related postgraduates program. There are two topic option to choose: Transfer Pricing and Internasional Taxation and Treaty Interpretation.

Seminar/ Webinar

Our seminar program will present a variety of domestic and international tax topics. Our seminar material will combine theory and empirical experience, and will be in accordance with the latest developments. In some events, Seminar/Webinar will study the case of tax court decisions.

Our seminar will offer specialized topics in Domestic Tax Compliance and Dispute, Transfer Pricing, and International Taxation.

Practical Course

Our practical course is designed to provide a balance of "how to do it" with "what is required" as a step-by-step guide in the real work implementation. All participants will benefit from the information provided in our practical course. This program is held for 1–2 days with a combination of 40% material and 60% practice.

Free Seminar

Through our mission to enlighten and strengthen tax education of Indonesian people as well as the noble desire to be a tax training center that contributes positively to the Indonesian taxation system, DDTC Academy holds either free seminars or webinars.

In House Training

Through our trusted experts and progressive resources and knowledge, we deliver the most comprehensive in-house training (IHT) to corporations, governments, financial institutions, and more to provide you with more time to focus on matters most important to you. Our in-house training is aimed at mitigating taxation risk and its impact that may jeopardize your business operations.

We have published twenty-two books covering domestic taxation and international taxation.

International Publication

DDTC contributes in the writing of (parts of) various domestic and International books and also journals.

PUBLICATIONS

Inside Tax Magazine

Our magazine provides the public with enlightenment and education on domestic and international taxation trend. We are highly aware of that asymmetries in taxation cannot be entirely eradicated, however we are sure that InsideTax Magazine has come as a media which can play the main role in reducing asymmetric information in the area of taxation.

Working Paper

Our working paper is a series of technical papers which deals with taxation problems in Indonesia and global. The papers contain advanced perspectives both for conceptual and analytic studies, supported by reliable source of information.

Indonesia Taxation Quarterly Report

Indonesia Taxation Quarterly Reports monitors and evaluates taxation developments in the domestic and global landscape regularly every quarter of the year, with special focus on a specific topic and a viewpoint that are of strategic issues.

Newsletter

We provide you a brief summary of new tax regulations in our tax newsletter. It is expected to facilitate you to understand tax regulations with greater ease. In addition, you can find our perspective inside this newsletter.

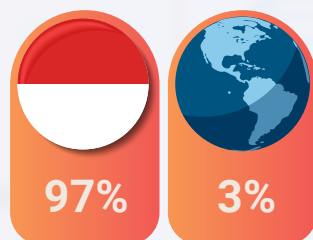

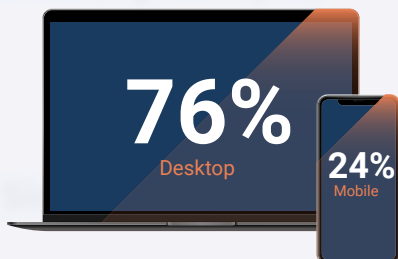

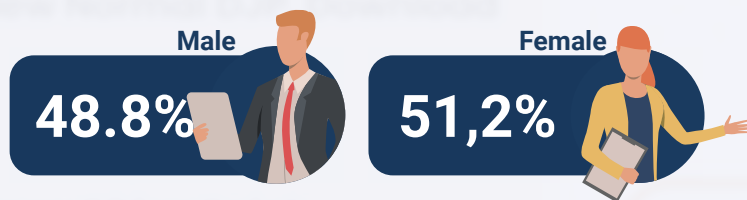

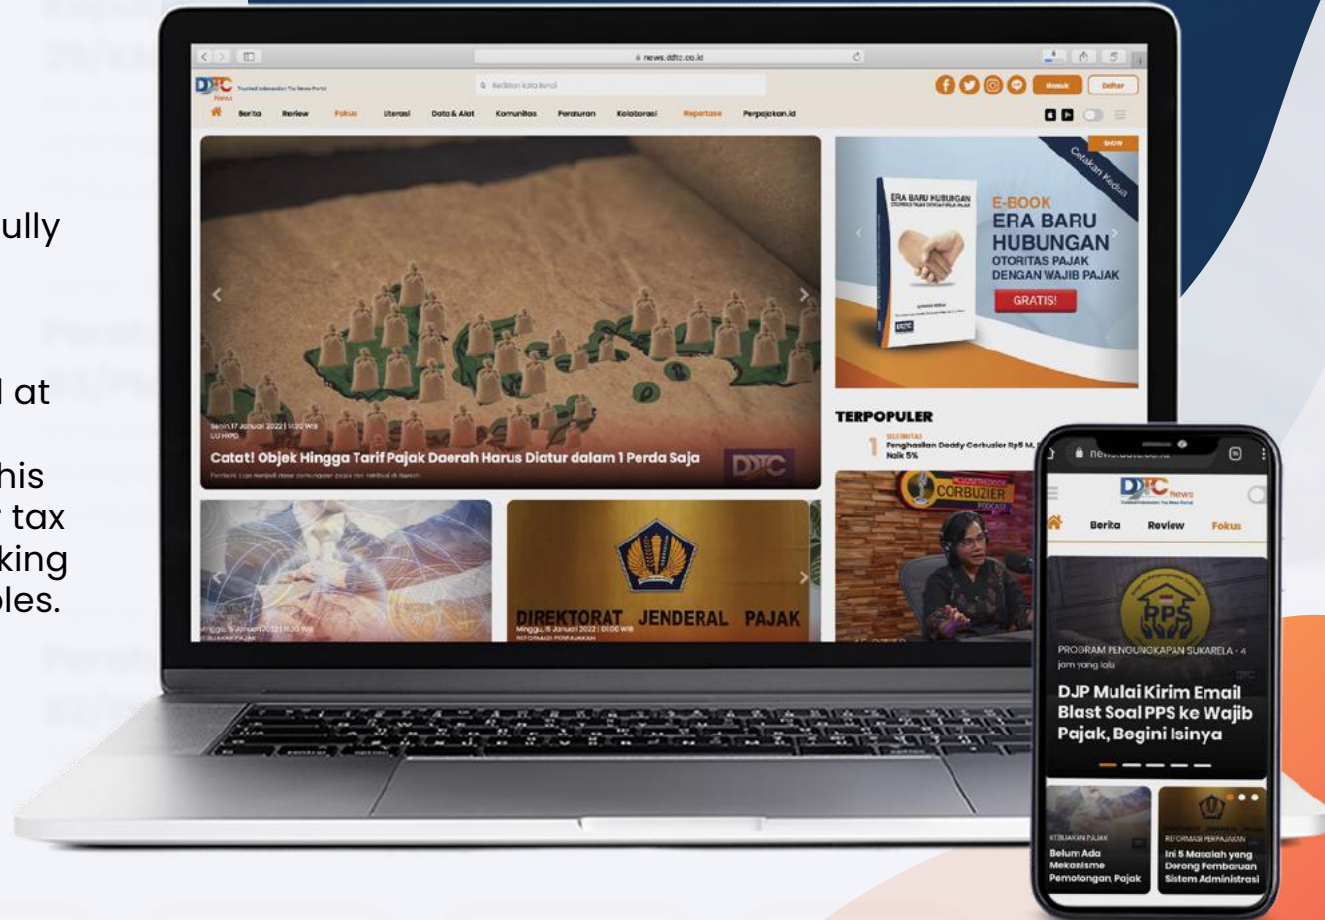

“

**We are preparing the future by
bridging the gap between tax &
technology.”**

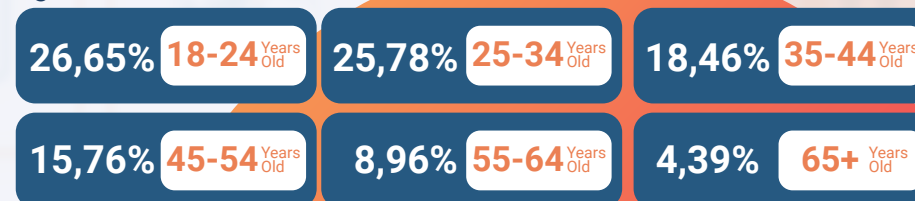

We promote tax literacy in Indonesia with fully committed to eliminate asymmetric information in the Indonesian tax society.

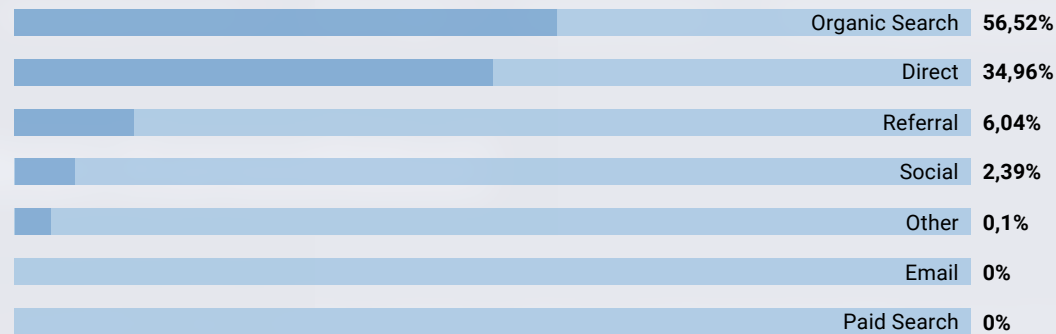

DDTCNews is a taxation news portal aimed at Indonesian society in general and the Indonesian taxation society in particular. This portal comprises news, analysis, and other tax information professionally managed by taking into account journalistic ethics and principles.
